

2017 DIVERSE LEARNING ENVIRONMENTS SURVEY INFORMATION SHEET

PURPOSE OF THE STUDY

You are asked to complete this survey as part of a national study conducted by the Higher Education Research Institute (HERI) at the University of California, Los Angeles. The purpose of the project is to examine the degree to which institutions integrate diversity in their environments to achieve key student learning outcomes. In order to achieve this goal, the experiences of students are the primary focus. The data gathered are used in studies designed to better understand student learning and development and to help improve the quality of college education.
