COLLEGE SENIOR SURVEY STUDENT INFORMATION SHEET

PURPOSE OF THE STUDY

You are asked to complete this survey as part of a national study of higher education conducted by the Higher Education Research Institute (HERI) at the University of California, Los Angeles. One major goal of this research is to determine what happens to students when they attend college. The data gathered are used in studies designed to better understand student learning and development and to help improve the quality of college education.

PROCEDURES

To participate in this study, please complete the attached survey and return it to the designated person at your campus. Most respondents complete this questionnaire in about 25 minutes, although individual progress will vary by how quickly you move through the questions.

You may decide not to complete the survey for any reason at any time without consequence of any kind. The Higher Education Research Institute does not offer payment for participation. Your participation and return of the enclosed questionnaire indicate your consent to participate in the study.

POTENTIAL BENEFITS TO SUBJECTS AND/OR SOCIETY

You may have the opportunity to reflect on your prior academic experiences and your expectations for college as you complete the survey, which may enhance self-understanding. Results of your participation also will be directly beneficial to your college or university, and may benefit future generations of college students as well.

POTENTIAL RISKS AND DISCOMFORTS

There could be survey items that you are uncomfortable answering or to which you would simply prefer not to respond. Your participation in this study is strictly voluntary, and you will be under no obligation whatsoever to answer any questions that you are not inclined to answer. You may choose not to answer any specific questions you do not want to answer and still remain in the study.

CONFIDENTIALITY

Please note that your responses will be used for research purposes only and will be strictly confidential. Any information that is obtained in connection with this study and that can be identified with you will remain confidential. Your identified responses will be returned to your institution for institutional assessment purposes. Before receiving any responses, your school is required to certify in advance that the data will only be used for research purposes and will not be used to investigate specific individuals.
